Have there been any problems or issues with starting or continuing this project? If so, what impact will that have on your planned completion date?	Ethical permission was received 6/1/2017. Thereafter we started with advertisements for recruitment. We have recruited 32 women meanwhile, 15 of them were not eligible for the study, 5 have finished their headache diaries. 20 more will hopefully be ready with their diaries end of February. The last advertisement has been published in November.
Have you discussed the project status and any problems with your Mentor?	The Team is Meeting regularly once a month
Please provide a synopsis of your findings and data so far (max 500 words)	We have not yet entered data yet. We will do this as soon as we have complete headache diaries over three cycles in 20 women. A first interim analysis is planned for April 2018.
Please provide a current budget on how much you have spent to date. Receipts may be requested.	Study Nurse 56 hours Advertisements about 1000 SFR
