Grant application form first half year 2015 Seeking ESC support for a PROJECT

Introduction

The ESC will provide funding to support an individual, group, institute or organisation with a project related to the aims of the ESC. Examples include: research, audit, review, needs assessment. The money **MUST** be used for a definite project within a definite time period.

Application

Please use this application form. Note sections with a maximum word count. Forms will be returned if the word count is exceeded.

If granted, the project must start within 12 months and must be completed within 3 years, with a final report sent to ESC within 6 months of completion.

A detailed budget including salary costs, overheads etc should be attached as an appendix to the application form.

Who can apply?

Applicants must be paid-up ESC members.

Applicants should be Europeans. However, a European applicant is allowed to submit a project that will take place outside Europe.

Deadline

Applications **MUST** be received at ESC Central office by **30 June 2015**.

Budget

35,000 euro for applications (projects and courses) received between 1 January and 30 June 2015. The ESC may not be in a position to fully fund all applications.

Part A Name of the applicant requesting the funding

Name of applicant: Zita Gyapjas

Job title: PhD student

Address: Department of Obstetrics and Gynecology, Faculty of Medicine, University of Szeged, Szeged, Hungary

Tel no.: +36 62 545492

Email: gy.zita89@gmail.com

Date of submission of this form: June 30, 2015

Part B Proposed project

Name of the person responsible for the project (If different to the person named in box A):
George Bartfai prof. dr.

Contact details of the person noted in this box B:
name of person, job title, address, tel no. email
Address: Department of Obstetrics and Gynecology, Faculty of Medicine, University of Szeged,
Szeged, Hungary
Tel no.: +36 62 545020
Email: bartfai.gyorgy@med.u-szeged.hu

Part C Background of the project – narrative summary

Title of the project: **The influence of factors on the choice of the first contraception method**

Comprehensive description of the project (max 200 words): In our study we'd like to get more information about the first choice of contraception of women in early age (14-20 years). Our focus will enlighten whose advice they prefer to take, or what other of circumstances are the most influential on their decision about when to start and which method to choose.

We also like to get more information about why adolescents change the oral hormonal contraceptives. We examine the following reasons by a questionnaire: side effects, affect of the media, economic effects, advices from gynaecologists, doctors. We're interested in the cost of applied contraceptives so far?

We'd like to create a questionnaire with the following points:

- 1) who suggested first that particular contraceptive method
- 2) do they start using contraception before or after the first intercourse
- 3) in case of age 16 or below, were the requirements of Fraser guidelines fulfilled

We also would like to get a comprehensive picture of the participants' knowledge about contraceptive methods. We are curious about the impact of social media and the internet on this topic application. After data analysis we'd like to create an application for mobile and pc, to inform adolescents about their possibilities in case of contraception methods.

When would it start / finish? (Max 20 words)

The project would start in September 2015, after the acceptance of the responsible ethical committee, and finish in September 2017.

Where will it take place – country / town, establishment? (Max 20 words)

It would take place in clinical surgery, teenage surgery in Dept. of Obstetrics and Gynecology, Univ. of Szeged.

Objectives and needs identified. (Max 20 words)

After data interpretation, we'd like to create an application for mobile and pc for adolescents to provide information to them. We would like to improve their knowledge with valid data and to reduce their doubts and far as their peers might have told them.

Sector in the area of contraception, sexual and reproductive health:
Contraception, sexual behaviour, and well-being

Is it a 'new' project? Yes/No

If extension of an existing programme, provide information on original programme (Max 50 words)

What outcomes will be measured? List. (Max 20 words)

- 1) adolescents knowledge about contraception
- 2) people, circumstances affecting first choice of contraception
- 3) how adolescents get information about contraceptive methods

Do you foresee any reasons (political, climatic, etc) why this project may be adversely affected? (Max 20 words)

No, there are no such reasons.

Part D Financial related information

Are there other partners or organisations supporting this same project? If so, list.
No, there are no partners or organisations.

Have you already obtained any funding towards this project? (If yes or still awaiting a response, please give details) (Max 20 words)
No.

How much money are you requesting (up to a maximum of 5% can be used to cover overhead costs)? An overview of the budget must be provided here (max 50 words) and a detailed budget should be attached as an appendix to the application form.

- | | |
|-------------------------------------|------------------|
| 1) Creating questionnaire, printing | 400 Euro |
| 2) Data collection | 300 Euro |
| 3) Statistical consultation | 300 Euro |
| 4) Publication | 1000 Euro |
| 5) Mobile application | <u>3000 Euro</u> |
| Total | 5000 Euro |

Will this be part of a larger fund or stand alone? (Max 20 words)
It will be stand alone.

Who will oversee the budget & keep accounts?

The administration at the Department of Obstetrics and Gynecology, University of Szeged.

Part E Follow-up

I / We, as responsible agents for this project, agree to the following 6 points:

| | |
|---|-----|
| I/We agree that all monies will be spent appropriately | Yes |
| I/We agree to advise you at the earliest time if this project is delayed or cannot be completed | Yes |
| I/We agree to provide a report to the ESC within 6 months of the end of the project and yearly, if the project lasts longer than 1 year. | Yes |
| I/We agree to present the ESC treasurer with a detailed budget at the end of the project. <i>(if the project is longer than 1 year, the funding may be awarded in stages and be dependent on appropriate reporting)</i> | Yes |
| I/We agree that if you need to make any significant changes to the duration, | Yes |

| | |
|---|-----|
| contents or funding of the project after it has been awarded, I/we will advise the ESC Treasurer. | |
| I/We agree to acknowledge the ESC as a donor in any publications and oral communications resulting from this project. Ideally any manuscript should be sent to the ESC journal in the first instance. | Yes |
| | |
