| <b>Submission Date</b>  | 2016-11-24 10:53:55   |
| <b>Contact person/applicant:</b>  | Helena Kopp Kallner   |
| <b>Country</b>  | Sweden  |
| <b>E-mail</b>   | Helena.Kopp-Kallner@ki.se   |
| <b>Title of the granted project</b>   | Use of effective contraception after use of emergency contraception   |
| <b>Amount granted by the ESC (in euro)</b>  | 2408  |
| <b>Project number:</b>  | P-2013-B-04   |
| <b>Allocated mentor:</b>  | S. Randall  |
| <b>Please provide a report of your findings and data.</b>   | <p>Please see the publication which I will mail to Peter.</p> <p>Use of effective contraception 6 months after emergency contraception with a copper intrauterine device or ulipristal acetate – a prospective observational cohort study<br/>NIKLAS ENVALL<sup>1,2</sup>, NINA GROES KOFOED<sup>3</sup> &amp; HELENA KOPP-KALLNER<sup>2,3,4</sup></p>  |
| <b>Please provide a final detailed budget on how much you have spent. Was any money not spent? Receipts may be requested.</b> | <p>Money has been spent according to original budget. However, other grants have been covering expenses since money from the ESC was paid in retrospect. The midwife Niklas Envall who has been involved in the project has now received his salary from the project. All money will be duly spent before the end of 2016. In addition the project has become more expensive due to the exchange rate of SEK to Euro. The results were presented at the ESC conference in Basel.</p> <p>Ethical permit<br/>600 Euros</p> <p>Nurse midwife calling patients 30 Eur/hour 30 min/patient<br/>totals 1050 Euros</p> <p>Study coordinator, CRF into Excel 30 Eur/hour 30 min per patient<br/>totals 1050 Euros</p> <p>Write up, analysis 67 Euros/hour incl tax, total 24 hours<br/>totals 1608 Euros</p> <p>Unforeseen costs<br/>appr 200 Euros</p> |
| <b>How will your findings be presented?</b>   | Publication in journal<br>Presentation  |
| <b>Was your paper published? Indicate journal and acceptance date</b>   | Use of effective contraception 6 months after emergency contraception with a copper intrauterine device or ulipristal acetate – a prospective observational cohort study<br>NIKLAS ENVALL <sup>1,2</sup> , NINA GROES KOFOED <sup>3</sup> & HELENA KOPP-KALLNER <sup>2,3,4</sup>  |
| <b>Presentation – note meeting organisation and date</b>  | The results were presented at the ESC conference in Basel 2016.<br>FIAPAC meeting in Lisbon 2016<br>Nordic midwifery meeting in Strömstad 2016  |
