Grant application form second half year 2014 Seeking ESC support for a PROJECT

Introduction

The ESC will provide funding to support an individual, group, institute or organisation with a project related to the aims of the ESC. Examples include: research, audit, review, needs assessment. The money **MUST** be used for a definite project within a definite time period.

Application

Please use this application form. Note sections with a maximum word count. Forms will be returned if the word count is exceeded.

If granted, the project must start within 12 months and must be completed within 3 years, with a final report sent to ESC within 6 months of completion.

A detailed budget including salary costs, overheads etc should be attached as an appendix to the application form.

Who can apply?

Applicants must be paid-up ESC members.

Applicants should be Europeans. However, a European applicant is allowed to submit a project that will take place outside Europe.

Deadline

Applications **MUST** be received at ESC Central office by **31 December 2014**.

Budget

35,000 euro for applications (projects and courses) received between 1 July and 31 December 2014. The ESC may not be in a position to fully fund all applications.

Part A Name of the applicant requesting the funding

Name of applicant: GYORGY BARTFAI M.D. Ph.D. D.Sc

Job title: Professor of Department of Obstetrics and Gynaecology, Faculty of General Medicine, Albert Szent-Gyorgyi Clinical Centre, University of Szeged

Address: Semmelweis str.1,Szeged, H-6725, Hungary

Tel no.: 00 -62-54-55-20

Email: bartfai.gyorgy@med.u-szeged.hu

Date of submission of this form: 31 th December 2014

Part B Proposed project

Name of the person responsible for the project (If different to the person named in box A):
Melinda Vanya

Contact details of the person noted in this box B:
name of person, job title, address, tel no. email

Melinda Vanya, reseacher
Department of Obstetrics and Gynaecology, Faculty of General Medicine, Albert Szent-
Gyorgyi Clinical Centre, University of Szeged
Semmelweis str 1, Szeged, 6724 Hungary
+36-62-54-55-79

Part C Background of the project – narrative summary

Title of the project: **Effect of Male Factors on Women’s Decision Making in contraception and abortion**

Comprehensive description of the project (max 200 words):

Despite of all modern contraceptive methods are available in Hungary, the number of induced abortions is still high. Traditionally, the predominant methods of preventing births in most parts of the world were methods used by or requiring the cooperation of men. However, it is less examined in Europe.

The objective of the questionnaire-based population survey is to analyse the effect of male factors on contraceptive practice among induced abortion women, and to determine the influencing factors the male attitude toward family planning. An following aim’s of our study to serve a more extensive and effective prevention by exploring the background factors of induced abortions and ensure that women and men have information and access to the widest possible range of safe and effective Family Planning methods in order to enable them to exercise free and informed choice.

The expected results are the following:

- role of men on women health (selection of the contraceptives, contraceptive specifics, role of STD infection)
- men’ knowledge concerning procedure, long-term effects of induced abortion

When would it start / finish? (Max 20 words)

Start/Ethical approval procedure April-May 2015

Questionnaire distribution: May 2015- May 2016

Data analysis: June-July 2015

Publication, report writing: August-September 2016

Where will it take place – country / town, establishment? (Max 20 words)

Recruitment of the women and their partner will take place in Department of ObGyn and Regional Family Services.

Objectives and needs identified. (Max 20 words)

knowledge, attitude toward contraception, direct reason of unintended pregnancy

Sector in the area of contraception, sexual and reproductive health:

Contraception, Induced abortion, STDs

Is it a 'new' project? Yes/No

If extension of an existing programme, provide information on original programme (Max 50 words)
n/a

What outcomes will be measured? List. (Max 20 words)

men's attitudes and ethical views about concerning the procedure and their decision-making role in their partner's contraception and abortion.

Do you foresee any reasons (political, climatic, etc) why this project may be adversely affected? (Max 20 words)

No reasons are foreseen that the project will be adversely affected.

Part D Financial related information

Are there other partners or organisations supporting this same project? If so, list.

Regional Family Services, Profamilia Hungarica, Hungarian Affiliated Society of ESC
