Please provide a report of your findings and data.

According the project description I arranged a two part video presentation on "Myth and Truths about Contraception"- Short guideline for everybody . At the beginnig of the video I say some words about conceiving and then we show grafically the methods of contraception, the types, benefits, efficacy and risks. We also explain the most common fears connected with usage of COC- risk of tromboembolic disease, breast cancer. Finally we mention the recent tendency of increasing number of unintended pregnancies and abortions.

I published it on Youtube and have sent the link to Elementary schools for helping the teachers. The project was realised by professional moviemakres.

Please provide a final detailed budget on how much you have spent. Was any money not spent? Receipts may be requested.
